In the spring of 1890 J. E. Rebstock, who owned some property in the vicinity of Point Abino Bay, conceived the idea of establishing a summer resort on the north side of the Bay, just west of "Nigger Head," now Prospect Point.

He organized the Crystal Beach Steam-Boat and Ferry Company and obtained a charter from the Dominion Government to operate a ferry between the City of Buffalo and "Crystal Beach." He built a pier and chartered the Steamer "Dove" of Detroit and began the operation of a ferry service on the 16th day of July, 1890. The following year Mr. Rebstock bought the Steamer "Pearl" and placed her in the line. Shortly afterward the "Gazelle" was added.

In those days pleasure seekers were not so numerous, nor spent as much money, so the project was confronted with failure.

Mr. Rebstock was about the only man who had a vision of a future success but he could not interest capitalists on either side of the lake, to invest their money in the enterprise, so it was a struggle for many years, until in 1908 some Cleveland and Detroit gentlemen saw a future and became interested.

The two best excursion steamers on fresh water took the place of the old boats. The new company offered a prize for suitable names for the new boats, and "CANA-DIANA" and "AMERICANA" were chosen.

Since that time the growth has been phenomenal as the people of Buffalo felt that Crystal Beach was now a settled fact. Today Crystal Beach is known as the "Atlantic City of the Great Lakes," and the greatest of all fresh water summer resorts.

In 1920 Crystal Beach began to take on a new lease of life. It was incorporated as a Village and since then over a million dollars has been expended in improvements, consisting in part of new subdivisions, new concrete sidewalks, new cottages on a larger and better plan, new stores and places of business, new restaurants, and a real live hot-dog-stand were built and the construction of the finest pier in America commenced. A sewerage system and disposal plant is now being constructed and in a very short time will be completed.

Crystal Beach is now visited by over a million people annually in addition to the regular cottagers, of which there are about twenty thousand. The future looks exceedingly bright, with the almost sure prospect of the bridge across the Niagara, the building of a large tourist hotel, the organization of a Country Club, the reconstruction of the Amusement Park. All this means a large expenditure of money in the next three or four years and promises a City of Crystal Beach in the near future that will astonish even the most sanguine boosters.

The Motto of the Crystal Beach Board of Trade is BOOST and WATCH US GROW.

TRANSPORTATION

Crystal Beach is reached by the sister boats, "Canadina," and "Americana," starting at 6:45 a.m. and nearly every hour until 11:30 p.m.

Five lines of busses running between Crystal Beach, Niagara Falls, Fort Erie, Bridgeburg, Port Colborne and Ridgeway, traversing a beautiful farming district—and it has some history for it was at Ridgeway that the Fenian invasion in 1866 came to a "Quick Stop."

The "Marion L," a small yacht, meets all boats and calls at several places in the Bay, stopping at Point Abino.

### MY CREED

**I Believe**

in the stuff I am handing out, and in my ability to get results. I believe that honest stuff can be passed out to honest men by honest methods. I believe in working, not weeping; in boosting, not knocking; and in the pleasure of my job. I believe that a man gets what he goes after, that one deed done today is worth two deeds tomorrow, and that no man is down and out until he has lost faith in himself. I believe in today and the work I am doing, in tomorrow and the work I hope to do, and in the sure reward which the future holds. I believe in courtesy, in kindness, in generosity, in good cheer, in friendship and in honest competition. I believe there is something doing, somewhere, for every man ready to do it. I believe I'm ready—RIGHT NOW!—To sell you a LOT on your own terms.
