Dear Gladys & Ed -

Thanks so much  
for the cigarettes; they  
arrived just one week  
ago in good condition.  
They are a much superior  
cigarette than those of  
English manufacture.

I notice that you  
are now with Seagraves  
I believe. I wish you  
every luck and prosperity  
in your new position  
throughout the coming  
year.

I have just furnished a  
note to Command Smith  
who as you are aware  
is cracked up in a  
Canadian General Hospital  
in England. He is  
responding marvellously  
and is on crutches now

I suppose Frank and  
Bill are both at school  
and growing rapidly.  
How old we are all  
getting. Strange enough  
I feel as young as ever,  
and don't like to reconcile  
myself to a middle age spread  
if such should occur.

Thanks again for your  
kindness,  
Sincerely,  
Gordon A. Lindsay
