Terms of Use: The Niagara-Welland Power Company fonds are open for research.

Use Restrictions: Current copyright applies. In some instances, researchers must obtain the written permission of the holder(s) of copyright and the Brock University Archives before publishing quotations from materials in the collection. Most papers may be copied in accordance with the Library's usual procedures unless otherwise specified.

Preferred Citation: RG 87 Niagara-Welland Power Company fonds, 1833, 1852, 1904-1906, 1909, n.d., Brock University Archives, Brock University.

Acquisition Info.: Custodial history is unknown. Several documents and items of correspondence are addressed directly to John S. Campbell, secretary-treasurer of the company. It is likely the fonds came from members of the Campbell family.

Administrative/ Biographical History:

The Welland Power and Supply Canal Company Limited, established in 1893 and incorporated in 1894 with a capital stock of \$500,000. The aim of the company was to harness the natural water supply of the Niagara and

Welland Rivers. In 1898 the Canadian Electrical News published a report by Henry Symons, QC outlining the main project of the company.

This project involves the construction of a canal from the Welland River to the brow of the mountain at Thorold, a distance of 8 miles; the construction at Thorold of a power house, and from Thorold to Lake Ontario, a raceway by which to carry water into the lake. The estimate for the machinery to generate 100,000 horse power is £125,000; for transmission line to Toronto at a voltage of 10,000....The total estimate therefore amounts to £2,452,162, or roughly speaking, \$12,000,000.

Source: Canadian Electrical News, August 1898, p. 172.

In 1899 the company officers petitioned the federal government desiring a name change to the Niagara-Welland Power Company Limited. Officers of the company were Harry Symons, President; Charles A. Hesson, Vice-President; and M.R. O'Loughlin, James B. Sheehan, James S. Haydon, Frederick K. Foster, directors; John S. Campbell, secretary-treasurer. The company's head offices were located in St. Catharines, with a New York (City) office on Broad Street. In 1905 and 1909 the company petitioned the federal government for additional time to construct its works, which was granted. The company had until May 16, 1915 to complete construction.

John S. Campbell (1860-1950) was a graduate of the University of Toronto and Osgoode Hall. During his university years John began his military career first in "K" Company, Queens Own rifles and then later as Commanding Officer of the 19th Lincoln Regiment, from 1906 to 1910. Upon his return to St. Catharines John Campbell served as secretary in the St. Catharines Garrison Club, a social club for military men begun in 1899. After being called to the Bar, he became a partner in the firm of Campbell and McCarron and was appointed to the bench in 1916, serving until retirement in 1934. Judge Campbell served as an alderman for several terms and was the mayor of St. Catharines in 1908 and 1909. He also served as the first chairman of the St. Catharines Public Utilities in 1914. John S. Campbell was married to Elizabeth Oille, daughter of Jerome B. and Charlotte (St. John) Oille. The family home "Cruachan" was located at 32 Church St.
