A PROCLAMATION.

Whereas great and weighty matters, claiming the consideration of the Congress of the United States, form an extraordinary occasion for convening them...

JAMES MONROE, Secretary of State.

NEW-YORK, August 11.

PUBLIC MEETING.

A general meeting was held in the Park yesterday at noon, pursuant to public notice. Col. Riker was unanimously called to the chair, and Oliver Wolcott, Esq. appointed secretary.

Fellow-Citizens!—Once more we are engaged in war with a powerful nation. The ocean is denied to us; our commerce is prostrated; our waters are polluted; our land is invaded; hostile fleets and armies threaten to convert our habitations to heaps of ruins.

We are called upon to save our persons from ruin and destruction; to secure our persons from slavery and death; to protect our families against outrage and violence; to guard our rights from assault and overthrow; to defend by freedom valour, our dear bought independence.

The lawful authorities, aware of the condition of things, have endeavored to meet it. The national government has augmented our security by fortifications, troops, and a floating force.

Our regular regiments are already at their stations. The organized militia will join them on the shortest summons. The several corps of volunteers are inflamed with patriotic ardor.

This meeting is called for the purpose of enabling us to renew our pledge to support the constitution; to invigorate the laws; to aid with our best efforts the administration of our beloved country; to see that it be not approached by spies and emissaries; to defend the great interests of the union with our treasure and our blood.

It is our glory and our boast that we are free men. Our constitution and government are acts of our free and unassisted choice. They are ours and we will never abandon them.

The citizens are the safeguards of a free state. Their right to keep and bear arms has never been infringed. We will use these weapons resolutely in support of our privileges; with these we will manfully oppose the enemy who shall presume to invade them.

Resolved, That the citizens here assembled, will, to the last extremity, defend their city.

Resolved, That we will unite ourselves in arms with our brethren of the country; and on the first approach of the enemy, make it a common cause.

Resolved, That humbly trusting in the favour of the Almighty, we hope to prove ourselves not unworthy of that freedom won by the heroes of the Revolution; and trust that the enemy they vanquished, will receive from us a similar defeat.

Resolved, That we highly approve of the measures for public defence which have been devised by the government of the United States—by his excellency the governor of this state, and by the cooperation in carrying the same into effect.

Resolved, That it be recommended to the citizens generally, to meet as soon as may be practicable, with convenience, in their respective wards, for the purpose of electing discreet and efficient committees to promote the execution of the following objects:

1. To complete the voluntary enrollment of persons, exempted by law from military service.

2. To encourage the enrollment of seafaring citizens for service in the harbor or as artificers.

3. To encourage the enrollment of citizens for voluntary labor on the public works.

Resolved, That it be a special duty of the ward committees to provide, under the direction of the corporation of this city, for the relief and protection of the families of such persons as may be absent on public duty, and also to provide in the best manner practicable, for the protection of such helpless persons and their property, as, in case of alarm may be desirous of removing into the country.

Resolved, That all associations for military service and for performing labor on the public works, be reported to, and receive instructions from, his excellency the governor of this state, or such officer as he may designate.

Resolved, That we will endeavor to promote cheerfulness and harmony, and will discountenance all attempts to weaken the patriotic efforts of good citizens.

Resolved, That we will endeavor to discover and subject to the animadversion of the laws, all persons who shall be concerned in any illicit commercial or improper intercourse with the enemy.

Resolved, That Henry Rutgers, Oliver Wolcott, Marinus Willet, Cadwallader D. Colden, John Swartwout, Thomas Morris, John Mills, William Edgar, junr, Richard Biker, Anthony Bleeker, Abraham Abrahams, Stephen Price, Abraham Stage, James Lovell, Abraham Tall, William Sampson, John Vanderbil, junr, Samuel Parker, John Hope, David Bryson, Jacob Sherrill, Benjamin Berrie, William Cochrane, Roswell Haynes, and Peter Wilson, Esq. be a committee to confer with such committee, as may be appointed by the corporation and by the respective wards, and in conjunction with them, to adopt all measures essential to the public safety.

Resolved, That this committee correspond with our fellow citizens in this and the neighboring states, for the purpose of inviting them to form voluntary associations similar to those proposed in this city.

Resolved, That the proceedings of this meeting be signed by the chairman and secretary, and published in all the public papers of this city.

From the Buffalo Gazette the 17th of Aug. 3. It is with pleasure we announce a brilliant affair to our readers.

On Wednesday morning last, the enemy crossed the Niagara river, below Snow Island, and made their camp at the foot of the falls, with a force of 1000 men.

The enemy having been disappointed in gaining Buffalo, made a movement on the point of Port Erie. They opened a fire on the Fort from a large piece of artillery placed on the point about a mile below, which was answered from the Fort and a salmer in the harbor.

The enemy attacked our pickets with a force of 100 men, and commenced a heavy fire of musketry, which was warmly returned and a brisk discharge from several pieces of artillery, soon compelled him to retreat in great confusion, leaving a number of his men on the field, as by a number of his countrymen. The act of loss of the enemy were not ascertained. We had a few wounded.

Extract of a letter, dated Chittenden, Aug. 2. We have just heard that Gen. Croghan is in possession of Mackinaw and St. Joseph's. How of first in St. Joseph's and took possession of that post; from

which he went to Mackinaw, and found it evacuated, and took possession of it. The British and Indians robbed the inhabitants of all the provisions &c. they had, and government has sent up a considerable supply to their relief.

Dayton, (Ohio) July 25. We learn from Fort Greenway, that an express arrived there on Thursday last from Detroit, which states that a detachment of militia which was sent to the river Thames to reconnoitre, had arrived at Detroit with a number of prisoners, the baggage of sixty men, and nearly 60 horses.

The circumstances as stated, are, that the detachment went to the river Thames agreed to flank out to the right and left of the main, and meet again at a certain time and place, which they did.

On their arrival at the place appointed, they discovered that a number of horses had been lowered to the river; they pursued them and came up with them in the evening when they were encamping. It being late in the evening, and the enemy superior in numbers, they retired and encamped until morning, when our troops advanced, attacked the enemy in their camp, and took or destroyed the whole of their detachment, said to consist of 60 dragoons well mounted and equipped.

ATTACK ON STONINGTON.

The editors of the Mercury have just been politely forced with the perusal of a letter from one of the volunteer patriots who have been engaged in defence of Stonington. The letter alludes to a party, consisting of two or three hundred men, who were directed against the attack of a 30 gun ship, a schooner, and a hulk, which under the command of Sir Thomas Hardy.

Resolved, That we will endeavor to promote cheerfulness and harmony, and will discountenance all attempts to weaken the patriotic efforts of good citizens.

an answer was given that the inhabitants would defend their friends with their lives. At the request of general Croghan, Mr. Williams ordered out the 5th and 20th regiments for the defence of their town.

The militia here collected in such force as to prevent a landing, but we fear that the place will be nearly destroyed, as the enemy are lying within half gun-shot, and our only defence is to hang 100 pounds.

The expedition is commanded by Commodore Hardy.

A correspondent at New-London says: Commodore Flaxey sent in a flag to demand a surrender of the fort and town in half an hour, or he would destroy the town.

The alarm at New-London was great, as the firing was in the night; the rockets and shells plainly seen, and the militia all actively repairing to their post, expecting an attack there.

The most inextinguishable spirit must now be manifested that Great-Britain has not a friend in the United States.

The Essex Frigate. After a cruise of nearly two years, during which she annihilated our commerce in the South Sea, this vessel has been captured on the coast of Chili, in the harbor of Valparaiso.

PROMOTIONS IN THE ARMY. We understand the President of the United States has conferred brevet rank on the following gallant soldiers for their distinguished merit in the present campaign in Upper Canada.

Brigadier General W. Scott, Major General H. Leavenworth, 9th Infantry, Lieutenant Colonel.

Major T. S. Jessup, 25th Infantry, Lieutenant Colonel. Major S. McNeal, 11th Infantry, Lieutenant Colonel.

Captain T. Crocker, 9th Infantry, Major. Captain N. Towson, Artillery, Major. Captain T. Harrison, 42d Infantry, Major. Captain L. Austin, 46th Infantry, Aid to Major General Brown, Major.

First Lieutenant W. J. Worth, 25d Infantry, Aid to General Scott, Captain. Second Lieutenant G. Watts, Dragoons, do. do. First Lieutenant.

Lieut. Colonel G. E. Mitchell of Artillery has received the brevet rank of Colonel for his defence of Oswego, &c. Major D. Appleton, 1st Rifle Regiment, Lieutenant Colonel for his gallant enterprise in capturing the whole of the enemy's force at Sandy Creek.

Singular circumstance.—There are some facts relating to the capture of Gen. Bull which may not be interesting. On the day of the memorable battle of Bridge-water, Capt. Ketchum, of the 23d Infantry, in conversation with some of his brother officers, observed that in twenty-five hours he would return with Gen. Bull and six prisoners.

During the evening of that day, Capt. Ketchum, with a small body of men, encountered the British army, and got in their rear. Gen. Bull, supposing them to be a body of his own men, ordered them to charge upon the enemy.

High treason.—We understand that the Grand Jury have found bills against several persons in this city, who are charged with having furnished the enemy's squadron of the coast with supplies of provisions at so many times since the declaration of hostilities, and the offenders have been committed to Bowdoin to take their trials for high treason.

The General Order of the 22d of May enforced. We understand that Lieuts. ROBERTS and ROSS, have been struck from the roll of the army for disobeying the order of the war department, on duelling. We are happy to find this excellent regulation thus promptly and rigorously executed.

New-London, August 10. The Essex at Stonington. At 10 o'clock last evening, after this paper was put to press, an express arrived at New-London, from Stonington, conveying intelligence that two frigates and a hulk, had arrived in that harbor, and destroyed the property of the town, or that should be laid to waste; to which demand

CANADA PAPERS.

How our neighbor at the Gazette Office will relish the designation of his Montreal brother for his momentary abandonment of his Majesty's interests, and responsibility of the American people, we cannot tell, but have them in utmost diffidence in their own way.

Should any, in imitation of their brother, be so foolish as to leave his country, he should be so required, instead of embarrassing them with military, to turn from their allegiance.
