

Niagara Restoration Council fonds, 1989-2015, n.d.

RG 644

Brock University Archives

- Creator:** Niagara Restoration Council
- Extent:** 90 cm of textual records (2.5 boxes)
7 CD-ROMs
- Abstract:** Fonds contains material related to the activities of the Niagara Restoration Council (NRC). Much of the material concerns projects that the NRC was involved with, including the removal of fish barriers; the Grassy Brook aquatic rehabilitation project; wildlife corridor enhancement of 15, 16 and 18 mile creek subwatersheds; building stream buffers for Niagara's rivers; naturalizing Fort Erie's creek drains; and ecosystem enhancement of Baden Powell Park.
- Materials:** Correspondence, minutes, financial statements, reports, newsletters, news clippings.
- Processed by:** Chantal Cameron
- Last updated:** May 2018

-
- Terms of use:** The Niagara River Restoration Council fonds are open for research.
- Use restrictions:** Current copyright applies. In some instances, researchers must obtain the written permission of the holder(s) of copyright and the Brock University Archives before publishing quotations from materials in the collection. Most papers may be copied in accordance with the Library's usual procedures unless otherwise specified.

Acquisition info.: Donated by Allison Graszat on behalf of the Niagara Restoration Council in March 2018.

Administrative history:

The Niagara Restoration Council (NRC) is a not-for-profit environmental organization whose mandate is to protect, maintain and actively restore the ecosystems of Niagara. The Council originated in 1989 as the Public Advisory Committee (PAC) for the Niagara River Remedial Action Plan. The Niagara River Remedial Action Plan was an international effort initiated under the Great Lakes Water Quality Agreement, which identified 43 Areas of Concern across the Great Lakes Basin. The PAC represented community stakeholders and advised a team of scientists and engineers. By 1997, support for the Remedial Action Plan process was diminishing. In order to remain relevant, the PAC incorporated to become the Niagara River Restoration Council. The Council sought to facilitate the Remedial Action Plan by creating partnerships with the community and private sector. In 2001, the Niagara River Restoration Council became the Niagara Restoration Council (NRC). The Council now focuses on environmental projects which involve public education and public awareness, while partnering with different sectors of the Niagara Community.

Scope and content

The fonds contains material related to the activities of the Niagara Restoration Council (NRC). Most of the material concerns projects that the NRC was involved with, including the removal of fish barriers; the Grassy Brook aquatic rehabilitation project; wildlife corridor enhancement of 15, 16 and 18 mile creek subwatersheds; building stream buffers for Niagara's rivers; naturalizing Fort Erie's creek drains; and ecosystem enhancement of Baden Powell Park. Material consists of administrative documents such as minutes, financial statements and strategic plans. Numerous reports related to the group's projects are also included. Some minutes and reports from the Niagara River Remedial Action Committee are included. Promotional material such as newsletters, news clippings and brochures are also included.

Organization

The fonds was arranged into four series:

Series I: Administrative, 1998-2015, n.d.

- Sub-series A: Correspondence
- Sub-series B: Financial statements
- Sub-series C: Minutes
- Sub-series D: Policies and Plans

Series II: Promotional material, 2001-2008, n.d.

Series III: Niagara Restoration Council Projects, 1999-2015, n.d.

- Sub-series A: Fish Barrier Removal
- Sub-series B: Grassy Brook
- Sub-series C: Wildlife Corridor Enhancement
- Sub-series D: Building Stream Buffers for Niagara's Rivers
- Sub-series E: Fort Erie
- Sub-series F: Baden Powell Park

Series IV: Related Projects and Activities, 1989-2011, n.d.

- Sub-series A: Niagara River Remedial Action Plan
- Sub-series B: Niagara Peninsula Conservation Authority
- Sub-series C: Short Hills
- Sub-series D: Other activities and reports

Inventory

Series I: Administrative, 1998-2015, n.d.

Sub-series A: Correspondence, 2000-2008

- 1.1 General Correspondence, 2000-2004. Contains correspondence received and sent by the NRC.
- 1.2 General Correspondence, 2005-2008. Contains correspondence received and sent by the NRC.

- 1.3 Fish Barrier Project correspondence, 2002-2005. Contains correspondence with the Ontario Trillium Foundation and the Great Lakes Sustainability Fund regarding project funding.
- 1.4 Shoreline Buffers for Niagara's Rivers Program, 2003. Contains letters written by the NRC to community partners asking for support. Also includes some financial statements.
- 1.5 Fort Erie Projects, 2011-2015. Contains correspondence about a project to naturalize Fort Erie's creeks and drains, and a project to inspire habitat conservation and best management practices in Fort Erie. Most of the correspondence are letters of support and letters regarding funding.

Sub-series B: Financial statements, 1999-2013.

- 1.6 General financial statements, 2001-2004. Contains balance sheets and a Trillium Grant budget analysis (2001).
- 1.7 Grassy Brook Project financial statements, 1999-2003. Contains audit statements and budget forecasts.
- 1.8 Future Forests Project financial statements, 2001-2004. Contains correspondence regarding an external audit of the project, financial statements prepared by Crawford, Smith & Swallow, and project allocation details.
- 1.9 Fish Barrier Project financial statements, 2001-2005. Contains proposed budgets, correspondence regarding an audit of the project, financial statements prepared by Crawford, Smith & Swallow, and project allocation summaries.
- 1.10 Wildlife Corridor Project financial statements, 2006-2008. Contains external audits of the project prepared by Crawford, Smith & Swallow.
- 1.11 Lake Gibson Project financial statements, 2008-2010. Contains an external audit of the project and related correspondence.
- 1.12 Project funding breakdown, 2005-2013. Contains a statement of NRC project funding as of February 2011, including the Fish Barrier project, Wildlife Corridor project, Buffer project, Lake Gibson project, Short Hills project and Landsdowne project.

Sub-series C: Minutes, 1998-2002

- 1.13 Minutes, 1998, 2000. Contains minutes of the Niagara River Restoration Council, including brief updates on the Baden Powell project and Grassy Brook project.
- 1.14 Minutes, 2001. Contains agendas and minutes of the Niagara River Restoration Council, including updates on the Future Forests Tree Planting project, Fish Barrier project, Grassy Brook project, and Children's Discovery Center.
- 1.15 Minutes, 2002. Contains agendas and minutes of the Niagara Restoration Council, including updates on the Future Forests project, Grassy Brook project, and Fish Barriers project.
- 1.16 Minutes, 2003. Contains agendas and minutes of the Niagara Restoration Council, including updates on the Future Forests project, Fish Barriers project, and Buffer project.
- 1.17 Twelve Mile Creek Project Steering Committee Meeting Minutes, 2001-2002.

Sub-series D: Policies and Plans, 2002-2015, n.d.

- 1.18 Human Resources Policy, n.d.
- 1.19 Niagara Restoration Council By-laws, 2005, n.d.
- 1.20 Niagara Restoration Council Strategic Plan, 2010-2015.
- 1.21 Agreement between the Conservation Niagara Foundation and the Niagara River Restoration Council, 2003. Also contains a grant application submitted by the groups to the Niagara Community Foundation, 2002.
- 1.22 Presentations, 2007-2010, n.d. A compact disc that contains NRC presentations and the Welland Official Plan. Presentations include AGM Presentations (2007-2010); Bert Miller Nature Club Presentation (2010); GLSF Fish Barrier Presentation (2008); LG [Lake Gibson] Project Update, Niagara River AOC [Area of Concern] Fish Barrier Project (June 3, 2010); NRC Project Update (2008); NRC_CAER Meeting, PFN Presentation (2008); Scout Presentation Fish and Wildlife (Nov. 5, 2009), Scouts Forest Ecology; and Thorold Historical Society presentation (June 29, 2009).

- 1.23 Back-up files, 2003. Contains two compact discs of back-up files, dated February and December 2003. The February disc contains files on Art for NRRC, Baden Powell, buffers, Fish barrier (year 3), Fish barrier removal (year 2), Fish barriers (year 1), Future Forests, Grassy Brook, invasive species, newsletters, NPCA permit, NRRC general, NRRC vision, photos, St. Lawrence seaway, twelve mile, volunteer award 2002, and web. The December disc contains files on Baden Powell, buffers, education, Fon, Future Forests (Ecoaction), Grassy Brook, logos, newsletters, NRRC general, paradise grove, templates (correspondence), and web.

Series II: Promotional Material, 2001-2008, n.d.

- 1.24 NRC brochures and general promotional material, 2001, n.d. Contains NRC brochures, logo, and detailed information about the organization's history and work.
- 1.25 News clippings, 2002-2008, n.d. Contains news clippings about the members and projects of the NRC.
- 1.26 Niagara Restoration Council newsletters, 2001-2005.
- 1.27 Other newsletters, 2001-2006. Contains newsletters from various environmental groups. Titles include *The Bluestem Banner* (Ontario Tallgrass); Preservation of Agricultural Lands Society; *The Peninsula Naturalist* (Peninsula Field Naturalists Club); *Nature Niagara News* (Niagara Falls Nature Club); and *Water for Life* (Niagara Water Quality Protection Strategy).
- 1.28 Other promotional material, 2003-2007, n.d. Contains promotional material for various environmental groups, including Heartland Forest, Niagara Peninsula Conservation Authority, Ontario Nature, Great Lakes Aquatic Habitat Network & Fund, Niagara Community Foundation, and the Greenbelt Farm Stewardship Program.

Series III: Niagara Restoration Council Projects & Reports, 1999-2015, n.d.

- 1.29 Project Summaries, n.d. Contains executive summaries of various NRC projects, including restoring Niagara's Short Hills, One Mile Creek—Landsdowne Pond

Biodiversity Enhancement Project, and a list of other possible restoration projects. Also contains a job description for a Habitat Restoration Technician.

1.30 Activity update, 2001. Contains a list of activities completed in 2001 and results achieved. A list of possible future projects is also included.

1.31 Certificates/Recognition, 2003-2004. Contains certificates of appreciation.

Sub-series A: Fish Barrier Project, 2001-2008, n.d.

1.32 Empty Barrier field notes, n.d. Contains blank forms used to inventory and evaluate waterways.

1.33 Niagara River Area of Concern Fish Barrier sheets, n.d. Contains a map of the Niagara Peninsula Conservation Authority subwatersheds, and an alphabetical list of creeks.

1.34 Niagara River Area of Concern Fish Barrier sheets, A-E, n.d. Includes fish barrier sheets for Baker Creek; Bayers Creek; Big Forks Creek; Black Ash Creek; Black Creek; Buckhorn Creek; Chippawa Power Canal; Coyle Creek; Draper's Creek; and Elsie Creek.

1.35 Niagara River Area of Concern Fish Barrier sheets, F-S, n.d. Includes fish barrier sheets for Frenchman's Creek; Grassy Brook; Little Forks Creek; Lyons Creek; Mill Creek; Miller Creek; Moores Creek; Niagara River 13; Niagara River 19; Oswego Creek; and Sucker Creek.

1.36 Niagara River Area of Concern Fish Barrier sheets, T-W. Includes fish barrier sheets for Tee Creek; Thompsons Creek; Unnamed Creek; Ussher's Creek; Welland Canal 5-6; West Main Welland River; West Wolf Creek; and Wolf Creek.

1.37 *Niagara River Area of Concern Fish Barriers Project 2001—Phase I.* Contains a report by the NRC on the first phase of the project.

1.38 *Niagara River AOC (Area of Concern) Fish Barrier Project—Phase Two.* A report prepared by the Niagara Restoration Council for the Ontario Trillium Foundation, March 1, 2002.

1.39 *Niagara River Area of Concern Potential Fish Barrier Project—Phase II, 2002.* A report prepared by the Niagara Restoration Council and the Niagara Peninsula Conservation Authority.

- 1.40 *Northern Pike Passage, Critical Habitat & Effects of Barriers on Movement in the Welland River West and Oswego Creek*, 2003. A report prepared for the Niagara Peninsula Conservation Authority and the Niagara Restoration Council by Christopher Bunt, Biostatic, Inc.
- 1.41 Draper's Creek, 2003. Contains proposals to address fish barrier issues in Draper's Creek.
- 1.42 Niagara River Area of Concern Fish Barrier Project Tour, September 18, 2003. Contains before and after photos of fish barrier sites that were remediated.
- 1.43 *Niagara River Area of Concern Potential Fish Barrier Project: Target Goal Achievement Report*, 2004. A partnership effort carried out by the Niagara Restoration Council and the Niagara Peninsula Conservation Authority.
- 1.44 *Niagara River Area of Concern Fish Barrier Project: Pelham Hills Habitat Enhancement Project*, 2004. A partnership effort carried out by the Niagara Restoration Council and the Niagara Peninsula Conservation Authority. Also contains a project proposal submitted to the Wetland Habitat Fund by the NRC, 2005.
- 1.45 *Niagara River Area of Concern Potential Fish Barrier Project: 2004-2005 Final Report*.
- 1.46 *Niagara River Area of Concern Fish Barrier Project: 2005-2006 Final Report*.
- 1.47 *Niagara River RAP [Remedial Action Plan] Area of Concern: Niagara River AOC Fish Barrier Project*. Great Lakes Sustainability Fund Project Proposals, 2005-2008. Contains three funding proposals prepared by the Niagara River Restoration Council.
- 2.1 Remaining Fish Barriers in the Niagara River Area of Concern, 2001-2004, n.d. Contains an inventory of fish barrier sites.
- 2.2 Latornel Presentation, n.d. Contains 22 overhead transparencies about the fish barrier project.
- 2.3 Fish Barrier discs, 2001-2003. Contains three compact discs containing files related to the Fish Barrier project. One disc contains the Niagara River AOC Fish Barrier Map prepared by the NRC, in .pdf and .eps format. The disc labeled "old

Fish Barrier Report & old database” contains files on the Fish Barrier project from 2001, as well as a map created by Al Vieira for the Partners of the Niagara River AOC Fish Barrier Project 2001. The disc labeled “Back-up—Fish Barrier Years 2001, 2002, 2003” contains photographs, project proposals, reports and letters.

Sub-series B: Grassy Brook, 1999-2001, n.d.

- 2.4 Grassy Brook Aquatic Rehabilitation Project media kit, 1999. Contains media releases and brochures.
- 2.5 Grassy Brook general information, 2001, n.d. Contains a newsletter about the Grassy Brook Aquatic Rehabilitation project and a project summary.
- 2.6 *Grassy Brook Aquatic Rehabilitation Project Final Report, 2001.*
- 2.7 *Grassy Brook Channel Re-alignment Project Final Report, 2001.*

Sub-series C: Wildlife Corridor Enhancement, 2005-2006

- 2.8 Wildlife Corridor Completed Clusters, 2005-2006. Contains maps of areas included in the project, as well as lists of properties included in separate districts (clusters).
- 2.9 *Wildlife Corridor Enhancement of 15, 16 and 18 Mile Creek Subwatersheds Project. Steering Committee Meeting, March 24, 2006. A 28-page report containing detailed information on specific properties included in the project.*
- 2.10 *Trees for Niagara: Wildlife Corridor Enhancement of the Fifteen, Sixteen, and Eighteen Mile Watersheds: OTF Progress Report, June 1, 2006.*
- 2.11 *Trees for Niagara: Wildlife Corridor Enhancement of the Fifteen, Sixteen, and Eighteen Mile Watersheds, 2006. Project proposal submitted to EcoAction by the NRC, February 27, 2006.*

Sub-series D: Building Stream Buffers for Niagara’s Rivers, 2003-2008

- 2.12 Community Fisheries and Wildlife Involvement Program (Ministry of Natural Resources), 2004. Contains an application form for funding for the Building buffers for Niagara’s Rivers project.

- 2.13 *Niagara River RAP Area of Concern—Building Stream Buffers for Niagara’s Rivers, 2003-2008.* Contains Project Proposals submitted to the Great Lakes Sustainability Fund by the Niagara River Restoration Council.
- 2.14 *Building Stream Buffers for Niagara’s Rivers—Project Report 2004-2005.* Prepared for the Toronto Dominion Friends of the Environment Foundation by the Niagara Restoration Council, October 25, 2005.
- 2.15 *Building Stream Buffers for Niagara’s Rivers Project—2004-2005 Final Report.*
- 2.16 *Building Stream Buffers for Niagara’s Rivers Project—2006-2007 Final Report.*
- 2.17 *Proposal for Remediation of Willson Road Tributary of Draper’s Creek, 2006.* Submitted to Peter Inman, Facilities Manager, City of Welland, by the NRC.

Sub-series E: Fort Erie Projects, 2011-2015

- 2.18 Naturalizing Fort Erie’s Creek Drains, 2011-2012. Contains a project proposal submitted to the EcoAction Community Funding Program by the NRC; maps; a guide to maintaining and conserving agricultural drains and fish habitat; and documentation on the Fort Erie Creeks Watershed Plan by the Niagara Peninsula Conservation Authority.
- 2.19 Naturalizing Fort Erie’s Creek Drains—Funding information, 2011-2015. Contains application forms for the EcoAction Community Funding program and contribution agreements between the Minister of the Environment and the NRC.
- 2.20 Inspiring Habitat Conservation and Best Environmental Management Practices in Fort Erie, 2014. Contains a project proposal submitted to Kim Laird, HSP Regional Coordinator, Ontario, by the NRC.

Sub-series F: Baden Powell Park, 1999

- 2.21 *Baden Powell Park Ecosystem Enhancement Project—Year One Progress Report, 1999.*

Series IV: Other Projects and Reports, 1989-2011, n.d.

Sub-series A: Niagara River Remedial Action Plan, 1989-2006, n.d.

Niagara River Remedial Action Committee

- 2.22 Niagara River Remedial Action Committee—General, 1990-1991. Contains an environmental assessment of the Niagara River and a summary of Remedial Action Plan progress in Ontario and New York; a Remedial Action Plan newsletter; some correspondence; a request for proposals for the development of Technical Options for the Niagara River RAP; and excerpts of a draft report containing information on water filtration facilities in Niagara and local industries that discharge wastewater into the Niagara River.
- 2.23 Niagara River Remedial Action Committee—International Advisory Committee, 1990-1991. Contains minutes of the International Advisory Committee from October 1990-April 1991. Also contains a compilation of objectives under the approved goals for consideration by the PAC (Public Advisory Committee).
- 2.24 Niagara River Remedial Action Committee—Public Advisory Committee, 1990-1991. Contains minutes of the Public Advisory Committee from September 1990-March 1991.
- 2.25 Niagara River Remedial Action Committee—Technical Subcommittee, 1990. Contains minutes of the Technical Subcommittee from July 1990-November 1990. Also contains comments on the Draft Stage 1 report of the RAP.
- 2.26 Niagara River Remedial Action Committee—CNR landfill, 1985-1990. Contains a report, *Hydrogeologic Investigation at CN Rail's Victoria Avenue Landfill Site, Niagara Falls, Ontario* by Hydrology Consultants, 1985. Also includes some related correspondence.
- 2.27 Niagara River Remedial Action Committee—Welland River Dredging Project, 1991. Contains correspondence from Environment Canada concerning the Welland River Dredging Demonstration Project.
- 2.28 Niagara River Remedial Action Committee—Request for Proposal, 1990. Contains a copy of a request for proposals for development of technical options for the Niagara River Remedial Action Plan. Also contains proposals from Beak Consultants, the Environmental Applications Group Limited, and Acres International.
- 2.29 Niagara River Remedial Action Committee—Stage One Report Workshop, 1991. Contains the Public Advisory Committee Stage One Report Workshop, February 2, 1991. Also contains a letter from the United States Environmental Protection

Agency about a workshop on developing non-point source toxic loadings methodologies for the Niagara River and Lake Ontario Basins.

- 2.30 Niagara River Remedial Action Committee—PAC Summary Document, 1991. Contains an annotated copy of the draft summary report. Also contains a brief report on tourism in Niagara Falls, a brief summary of project objectives of a demonstration project for remedial action for municipal wet weather problems, and a newsletter of the RAP Public Advisory Committee.
- 2.31 Niagara River Remedial Action Committee—Editorial Committee, n.d. Contains a report, *Niagara Frontier Nonpoint Source Load Methodology*, prepared by Alliance Technologies Corporation for the U.S. Environmental Protection Agency.

Niagara River Remedial Action Public Advisory Committee

- 2.32 Niagara River Remedial Action Committee—Public Advisory Committee Meetings, 1990. Contains minutes of the Public Advisory Committee (PAC) from February 1990-October 1990.
- 2.33 Niagara River Remedial Action Committee—Public Advisory Council Workshops, 1990. Contains a workshop report of the PAC workshop to define water quality problems and use goals.
- 2.34 Niagara River Remedial Action Committee—International Advisory Committee, 1990. Contains minutes of the International Advisory Committee from March 1990-September 1990.
- 2.35 Niagara River Remedial Action Committee—Goal Statements, 1990. Contains a communications plan; goal statements for water quality, wildlife uses, industrial, agricultural, municipal and commercial uses, recreational uses, and fishing and consumption of fish; a list of goals adopted by the Niagara River PAC; recommendations from the technical sub-committee meeting re: water quality goal; and a meeting of RAP PAC representatives with a summary of statements and recommendations.
- 2.36 Niagara River Remedial Action Committee—the Plan, 1990. Contains an excerpt of the RAP edition 7, with the title *Identification and Delineation of Specific Concerns*, and comments on the report by Conrad Eidt, Director of Engineering for the Region of Niagara.

- 2.37 Niagara River Remedial Action Committee correspondence, 1990. Contains general correspondence about the Committee and its meetings.
- 2.38 Niagara River Remedial Action Committee—News Releases, 1990. Contains a news clipping about the PAC of the Niagara River Remedial Action Plan, and news releases from the Niagara Region about local water treatment facilities.
- 2.39 Niagara River Remedial Action Committee—Fact Sheets, 1990, n.d. Contains notes from a seminar by Dave McNeil on exotic species introduced to the Great Lakes and a fact sheet on zebra mussels.
- 2.40 Niagara River Remedial Action Committee—Publications, 1989-1990. Contains two booklets, *Public Consultation: A Citizens Handbook* (Ontario Environment Network) and *A Framework for Discussion on the Environment* (Environment Canada). Also contains an issue of *Focus on International Joint Commission Activities* with a feature article titled “RAPs encourage new era of shared commitment for Great Lakes areas of concern”.
- 2.41 Niagara River Remedial Action Plan Public Advisory Committee, 2006. Contains minutes for May-June 2006. Discussions included review of delisting criteria and possible impairments, and a review of Stage 2 recommendations and list of proposed revised recommendations. Also includes a proposed revised list of recommendations background paper.

Niagara River Remedial Action Plan—Reports

- 2.42 *Joint Evaluation of Upstream/Downstream Niagara River Monitoring Data, 1995-96*. Prepared by Data Interpretation Group to the River Monitoring Committee, December 5, 1997. Compiled and edited by K.W. Kuntz, Environment Canada, Ecosystem Health Division, Ontario Region.
- 2.43 *Niagara River Remedial Action Plan—Stage 2 Implementation Annex*. May 30, 2000.
- 2.44 *Niagara River Remedial Action Plan Summary*, September 1994. New York State Department of Environmental Conservation.
- 2.45 *Niagara River Remedial Action Plan*, September 1994. New York State Department of Environmental Conservation.

- 2.46 *Niagara River Toxics Management Plan Progress Report and Work Plan*, September 2005. Prepared by Donald J. Williams, Marie L. O’Shea, and Paul J. Klawunn, for the Niagara River Secretariat.

Niagara River Remedial Action Plan—Other

- 2.47 U.S.A. Remedial Action Plan Photo Library—The Great Lakes Watershed (1 compact disc), n.d. Contains a folder labelled “glwatershed” with subfolders aocs, atlas, future, images, lamps, legacy, photos, strategy.
- 2.48 Remedial Action Plan—Suitable areas for wetland habitat restoration, n.d. Contains a chart with habitat type, criteria and rank. Also includes an agenda describing the objectives and methods of the restoration database.

Sub-series B: Niagara Peninsula Conservation Authority Reports, 1999-2005

- 2.49 *Welland River Watershed Strategy*, 1999. Niagara Peninsula Conservation Authority.
- 2.50 Community Fisheries and Wildlife Involvement Program, 2003. Contains application proposals from the Conservation Authority.
- 2.51 Twelve Mile Creek Watershed Tour, 2004. Contains brochures, maps and a description of site highlights.
- 2.52 *One Mile Creek Watershed Strategy Final Report*, October 2005. Prepared by Aquafor Beech Limited and LURA Consulting Limited for the Niagara Peninsula Conservation Authority.

Sub-series C: Short Hills, 2010-2011

- 3.1 Contains the *Short Hills Conservation Action Plan* (no author given) and *The Migration of White-tailed deer browsing in Short Hills Provincial Park*, prepared by Niagara College ecosystem restoration students, 2011.

Sub-series D: Other Activities and Reports, 1993-2004, n.d.

- 3.2 *Trends in contaminant levels in the Niagara River: A State of the Environment Fact Sheet*. Environment Canada, 1993.

- 3.3 *Stream Channel Reference Sites: an illustrated guide to field technique*. United States Department of Agriculture, 1994.
- 3.4-3.7 *Rehabilitating Great Lakes Habitats—A Resource Manual*, 1995. Environment Canada. Great Lakes 2000 Cleanup fund.
- 3.8 Great Lakes Forests at a Glance, 2001. Contains a table providing ecological data for Michigan, Minnesota, Ontario, and Wisconsin.
- 3.9 The Children’s Discovery Centre Earth Garden Proposal, 2001. Prepared for the Toronto Dominion Canada Trust Friends of the Environment Board.
- 3.10 *Proposed New Environmental Policies for Niagara—Regional Policy Plan Amendment 187, 2004*. A report to the Chair and Members of the Planning Services Committee by Regional Niagara.
- 3.11 Public Information Centre, City of Welland, Northwest Area Planning & Servicing Study, 2004. Contains a presentation on a class environmental assessment.
- 3.12 *The Canada-Ontario Environmental Farm Plan Program*, delivered by the Ontario Farm Environmental Coalition. Third Edition Workbook, 2004.
- 3.13 Mainstream’s Environmental Action Team, n.d. A report prepared for Youth Service Canada, Human Resources Development Canada, about an environmental project involving multiple community members to restore and protect natural areas in St. Catharines.
