Physical Description / Condition:	1 cm of textual records		
Administrative/ Biographical Sketch:	<p>The Chippawa Presbyterian Church was established in 1831. There were twelve charter members, but by 1834 the membership had increased to 71. A church was built in 1843, but was later sold and relocated. A second church building was erected in 1891, constructed of red brick. A third church was built in 1960, which connected to the old church by a passage-way. The old church was repurposed for Church School work and Christian Education activities. A fire in 1971 destroyed this building, but the new church remained intact. The church was renovated and expanded in 2010 to accommodate the needs of the growing congregation.</p>
