

LAWN TENNIS HATS.

The Latest London Novelty, at the WEST END STORE.

SEE MILLINERY WINDOW.

HENRY CARLISLE.

NEARLY A CASUALTY.—On Saturday evening the neighborhood on the Great Western hill and Bellman road was enlivened by a so as you please accidental dog fight. As usual in such cases the small boys gathered round the combatants. Suddenly one of the juveniles found that his dog was undermost and getting the worst of the battle. He promptly picked up a stone and fired at the boss dog. The aim was bad as the pup did not get struck, but Sergeant Major P. Mc., of the 19th Batt., did. The gallant S. M. happened to be passing at the time, and the missile with a ricochet like a 30lb. shot struck the son of Mars square in the diaphragm. Patrick was instantly doubled up and placed hors de combat. A neighbor ran to his aid and as usual enquired if "he was much hurt." "I'm certainly kilt out and out," was the reply. Further examination proved the blow not dangerous, although Her Majesty came near losing a faithful subject, and the 19th Batt. the pride of the Niagara camp.

JUVENILE CROOKS.—On Sunday last, three or four young lads got into a freight car standing on the Welland railway track at the station, in this city, and seeing a box in the car broke it open, took out most of the contents, and hid them away under a large coal shed adjoining the track. The box contained telegraphic instruments for the use of the Dominion Telegraph office in this city and were of considerable value. A clue was obtained to the depredators and one was arrested. He immediately implicated all of his companions, and fished up the hidden plunder, some of which had been mutilated. The youngsters could hardly have realized the value of the articles stolen, and probably took them for their shining qualities. They ought to be punished, however, because they must have known that they were doing wrong.

A VETERAN VOLUNTEER.—We were pleased yesterday to notice the veteran Major T. L. Helliwell, Paymaster of the 19th Battalion, to the fore in full regimentals. The Major is one of the oldest volunteers in Ontario, holding commissions from several of our Canadian Governors. He wears his years and honors well, and no doubt when he dons the new regulation cocked hat with ostrich plume, etc., the shades of departed heroes who haunt the classic precincts of old Fort George will recognize in our gallant friend a brother of the true mould.

FOR CAMP.—The 37th and 77th battalions of volunteer militia and the Burford troops of cavalry passed over the Great Western Railway yesterday for the camp at Niagara. One train consisted of about 15 cars drawn by two locomotives. The commander of the Burford troop, made himself conspicuous by putting a guard at the door of one car only about half full of men and refused to admit any more. He finally consented to grant permission for a few officers to get in but no privates. The steamer Southern Belle took the Halton volunteers to camp.

THE CAMP AT NIAGARA.—All the troops did not reach their destination last night, but a large majority of them did so. As usual when large bodies of men are congregated together for the first time, considerable confusion existed in getting settled down and putting the camp in order. This morning the volunteers were out at 5 o'clock parade, and presented a very creditable appearance. By to-morrow the camp will be in apple-pie order and settled down to regular business.

A FINE WORK.—The new bridge for the Welland Railroad, over the new canal, just completed, seems to be a very fine structure, and fully equal to any strain that may be put upon it by the traffic of the road. The material of which it is constructed is steel, there not being a pound of iron in the entire work. It is well braced in every direction where there is likely to be the least strain. It has been found, on trial, to swing very easily for so heavy a structure.

EVENING EXCURSION TO THE CAMP.—On Friday evening next, an excursion will take place per W. R. and steamer Picton to Niagara, leaving Thorold at 7 o'clock, Merriton, 7:10, and this city at 7:20 sharp. Returning will leave Niagara at 10:30, allowing about two hours to visit the Volunteer Camp. Single tickets from this city 50c; double 75c. From Merriton and Thorold, single 60c; double 90c.

ADMITTED.—Rev. Dr. Wilde, the eccentric preacher of Bond-st. Congregational Church, Toronto, has been admitted to the Congregational Union now in session at Toronto, by a vote of 37 to 22. The reverend gentleman is generally regarded as a trifle wild in his theological views.

TERIBLY CRUSHED.—Peter Boyers, employed on Dunbar's drill, at the Lime kiln, got his head crushed in the hydraulic machinery Sunday morning. His mother arrived in the evening from Port Colborne, where he resides. The doctors consider his recovery doubtful.

—Bitter Oranges for marmalade, for sale at John Nay & Co.'s

EVERYBODY'S COLUMN.

Wherein the Live Business Men Tell what they have to sell and the inducements held out to Purchasers.

—Panels, Tablets, and every other kind of Photographs unequalled for style and price, at Charles'.

Police Court.

June 14.—T. Shaver, charged with being drunk, exposing his person was sentenced to five days in jail with hard labor.

T. Johnson, vagrancy; discharged and ordered to leave the city.

W. Spaulding, aged six, John Reese four and H. Provon six, were charged with entering a car at the W. R. R. Station and stealing a telegraph apparatus. The property was afterwards recovered in a damaged state. The boys do not bear the best character, but owing to their youth were discharged, the magistrate giving them a solemn warning and ordering their parents to pay for the damage to the instrument.

For Montreal.

The safe and commodious passenger steamer Ocean, of the Montreal and Chicago Merchant's Line, Capt. Archie McLaughlin, will pass St. Catharines on Wednesday evening at 6 o'clock, calling at Kingston, Prescott, Brockville, and other way ports, arriving in Montreal Saturday afternoon. The steamer has a magnificent full length cabin and is elegantly fitted up for the comfort and convenience of passengers.

For freight or passage apply to S. Neelon, Phoenix Mills, J. C. Graham, or H. G. Hunt, St. Paul st.

List of Vessels Passing Lock No. 3, Welland Canal.

Up—Sch. M. A. Hall.
Down—Schooners America, Jennie White, Mary Battle, Singapore, Guiding Star, Leadville, J. C. Woodruff, W. Y. Emery. Barges M. C. Cameron, Fortune.

Weather Predictions.

[Special per Montreal Line.]
TORONTO, June 14, 10 a. m.—For the lakes, moderate to fresh southwesterly to northwesterly winds. Fine continued warm weather.

STORM.—A heavy thunder storm broke over the city on Monday night about eight o'clock accompanied by wind, lightning flashes and a heavy rain. The storm did not last long and had the effect of cooling the sultry atmosphere. At Niagara the rain fell in torrents and the volunteers had the full benefit of it. The tents, however, were well secured, and the storm did very little damage.

AN ERROR.—We were mistaken yesterday in stating that McGeachie's planing planing mill at Lock No. 5 was burned on Saturday evening last. It was a small building adjoining the mill that was burned.

THE VICTORIA INVESTIGATION.

The Coroner's Jury Return Their Verdict.

LONDON, June 14.—The following is the verdict in the Victoria investigation: "We do find that the capsizing of the steamer Victoria was caused by water in the hold. We believe that the water leaked in through a hole stove in the bottom from some unknown cause. We suppose that this injury was caused by coming in contact with a stone or snag in the river. We are also convinced from the evidence adduced that the boiler was not securely fastened, and that the stanchions supporting the promenade and hurricane decks were of too slender a nature, made chiefly of pine, and not properly braced. We are also of opinion that the engineer was guilty of great negligence in the discharge of his duty in not seeing that the hold was clear of water, and in not conveying in person to the captain the dangerous condition of the boat. We think that the captain was to blame in accepting the dual position of Captain and wheelsman, which prevented him from giving his individual attention to the proper management of the boat. We are also of the opinion that he was to blame for leaving Springfield without making a proper examination of his boat, as there was undoubtedly water in the hold at that time. We are further of the opinion that the manager did not do his duty in not employing sufficient hands to man his boat. That he should have had the boat inspected and a certificate for the same. The jury think that the Government Inspector deserves blame for the manner in which he inspected and passed the boat Victoria last year, as from the evidence her upper construction was not fit to carry a large load of passengers; we would strongly urge upon the Government the necessity of making more stringent inspection and regulations in regard to passenger steamboats. When the jury had returned their verdict they were thanked by the coroner for the faithful manner in which they had performed their long, arduous and important duties.

General Sessions of the Peace and County Court.

The Court opened at noon to-day before His Honor Judge Senkler. There is no criminal business, and there are only five cases on the civil record, viz.:—Chaplin v. McKenzie; Jukes v. Brodie; Hanley v. Moore; Haun v. Walker; St. John v. Nunn; Higgins v. Rolis.

The following is a list of the Grand Jurors:—Jas. Armstrong, G.N. Absalom, J. M. Beamer, J. Bishop, J. H. Beamer, W. Barker, H. M. Boughton, J. Book, Jr., T. Collins, J. Cole, J. B. Culp, W. Devany, J. Ferguson, A. Goring, P. Healey, J. McGrath, W. Nelson, D. Pollard, J. Russ, T. Robertson, E. Snyder, G. Snyder, J. Tisdale, W. Quirk.

To Prevant Diptheria.

To prevent diptheria, and finally exterminate it, every man, woman and child throughout our land and the world should be taught to obey the laws of life and health. Parents should regularly feed, properly clothe and duly restrain all children, before they come to the years of understanding and accountability. This alone would do much. A late prominent physician of Paris estimated that 3,000 children had died in that city during the thirty years of his practice there, from short sleeves, short pants, and kindred imprudence in the dressing of children. And I am fully convinced that so large a portion are sacrificed, in towns at least, in this country, from the same cause—all for a wicked fashion. And from careful observation, in this country and abroad, I am confident that at least as many more are carried off by improper food and irregularity in taking it; together with poisonous candies, and other unwholesome and indigestible trash, that no child or other person should eat.

THE GRIMSBY CAMP.—There are signs of life and activity at the Camp Grimsby, as well as at the camp military, Niagara. General Graves, commander-in-chief of the "Frog," and his adjutant, Mr. Tom Lewis, left for Grimsby yesterday, to prepare the way for the coming season of retreating. They are followed to-day by Mr. Pearson, the trusty telegraphic and postal agent. With these fore-runners to put the place in order, it is natural to expect a rush of visitors ere the camp meeting "revives us again." The next official necessary for temporal welfare to arrive is Mr. Richard Ball, the jubilee singer and tonsorial artist, who mixes piety and lather with such exact proportions that it is hard to tell where one commences and the other leaves off. The place would hardly seem to be complete without one or two wicked newspaper men to complete the list.

MILITARY MATTERS.—Forgetful of the warning which the inspecting field officer conveyed to some companies of the 19th Batt. last year, we are sorry to learn that the behavior of not a few of the boys yesterday, was anything but proper. In many cases General Alcohol seemed boss of the situation. One young man fell out of a wagon on King-st., and severely damaged his proboscis. Another behaved so bad that he was ejected from several bar-rooms, and a few were noticed after the Battalion left for camp wandering about looking for the short cut to Niagara. It is well to state that these form a few exceptions to the old 19th. Still, all latitude being allowed for the occasion, if no self respect is shown, the wearer should at least respect the honor of the uniform.

KNIGHTS OF PYTHIAS.—The Grand Lodge of Ontario of the order of the Knights of Pythias opens its sessions in Toronto to-day. Sir Knights W. Thompson, Dr. W. Douglas and J. Patey are representatives from Charity Lodge of this city.

GOOD WORK.—The staff under "boss" Riley's command are now doing good work in cleaning the sides of our different streets.

STRAWBERRY FESTIVAL.—The ladies of the R. C. Church will hold a Strawberry Festival in connection with the church at the Drill Shed, on the evening of Tuesday, 21st inst.

—Among the attractions the young ladies of St. Thomas' Church have to offer to their friends are a fish pond for the children, some fancy work, aprons of all kinds, tea and coffee, etc.

Some years ago an estate in Bedfordshire, England, reverted to the Crown. It had been previously held by Lord Dynevor, and then by the trustees of his estate, and in both cases the tenants made no complaint. The Crown agent, however, is averted to have put on the screws, and the tenants, far from finding the increased indulgence they expected, have been so oppressed that one of them, an elderly man, lately killed himself. A razor was found near him, and on the table a paper in his handwriting bearing the words, "Old Mr. Chilton (the agent) is my murderer." The royal family personally have nothing whatever to do with the Crown estates, which are managed in the interest of the public by the Commissioners of Woods and Forests, who pay over the proceeds to the Treasury.

GUTHRIE'S CORSET FACTORY

We have now opened a manufacturer

Ladies' & Children's Underwear

and kindly beg the ladies to call and examine our stock before purchasing elsewhere, as we have now a full assortment in

All the Latest Styles.
