My Dear Frank, --

My good
angel certainly treated
me well when she gave
me the idea of consulting
you on a business matter.
Your good letter has
just arrived, & I have
given it careful thought.

Yes, I should be very
glad to have you try
and sell the bonds
for me, & should like
the proceeds in the

2

form of a check [cheque]
which I could put
in the bank. Should
prefer all the proceeds
in this form; no
government bonds.
It will take a big
load off my mind
if this can be done.
Shall not attempt to
thank you for your
aid - so willingly given,
so gratefully received.

The shingles are
wearing away gradually.
Have had several nights
without a sleeping drug
which is a great relief.

Mr. L. B. Duff called here yesterday.
His beautiful bridges were destroyed
by the electric storm of last Sunday
night and his Italian garden filled
with mud.

I am up every day & mean to go
to see Aunts Margaret & Jean next week.
I really should not mix business
matters with chit chat, so will close
by saying that all rights to my
poem on Homer Watson are freely
given to you. Very gratefully

Ethelwyn
