

**The Report of the Loyal and Patriotic Society of Upper Canada,**  
with an appendix and a list of subscribers and benefactors,

**An Alphabetical Name Index Compiled by Fred Blair**  
January 31, 2019

As the names of the members of the society appear throughout this text, only the first page that their name appeared was recorded here, with a few additional pages. The remainder of the names generally fall into the categories of petitioners or subscribers. The spelling of surnames was not consistent throughout the text and first names were often omitted. A person may therefore have been recorded here more than once. The dates of wounds and deaths sometimes do not agree with those in other sources. The transcriber's comments appear in square brackets.
