It seems to be a mistake about your being appointed a Round Master, and paid by letting you the layman. You were not appointed, I believe, thought it not to tell you, but to show you as there was no mistake at the present you would not be justified in taking charge of any cattle to be compounded. I shall mention it to the Council when they meet to see if it can be justified. It will cost 24蒲nd. to provide the cattle to be compounded.

To the Honorable the Commissioners of Public Works

The Memorial of the Municipal Council of the Township of Grantham Council submitted.

Respectfully represents that the present location of the Bridge across the Lake at Port Dalhousie is found to be a very severe inconvenience to the public for frequently persons wishing to cross are detained from a half to a whole hour and often in the rain and storm.

This grievance was noticed by a select committee for removal by the Council and that of the Selectmen and Milland in November last and also by this Council in the January meeting.

Your memorialists are of opinion that the Bridge might be placed above the Lake at a short distance from which now stands a small building to the Government.

Hence the Commissioners will with the utmost favour consider the matter. Your memorialists.

Respectfully sheweth

That the present location of the Bridge across Lock Line of the Haldon Canal at Port Hamilton in the said Township is so inconvenient and dangerous to the Public. That the Bridge is made of the utmost public importance and from the very frequent arrival of vessels at that point on their way to Lake St. Mary, it happens that the lock is kept open and the Bridge aways furnishing time and travel consequently detained to their very great inconvenience. The petitioners have become the object of great complaint and your petitioners pray that your excellency will cause the said Bridge to be removed from its present position and placed across the Canal where many vessels and others will not suffer the inconvenience to which they are now subjected. Council Petition.

And your petitioners will ever pray
